

## SMALL TRIAL HALTED AS CHARGES OF JURY FIXING ARE PROBED

### Attorneys for Both Sides Claim Attempts at Tampering With Jurors Have Been Made—Judge Edwards Examines One Juror and Says Investigation Has "Fizzled Out"

(By The Associated Press)  
WAUKEGAN, Ill., May 4.—Charges of attempted jury "fixing" and bias on the part of jurors already selected and sworn, today halted completion of the jury to try Governor Small, charged with conspiracy to embezzle state funds. Affidavits charging that at least two of the eight jurors who have been sworn in have expressed an opinion on the case in the jury room threaten, it was learned tonight to disrupt the two panels and leave the case with only six jurors actually chosen and three tentatively passed.

The jury "fixing" charge made by the state was disposed of in Judge Edwards' chambers when H. C. Garey, automobile mechanic who had been challenged by the state, was examined by the court. The judge later announced that his investigation "had fizzled out" and that the suspicion that Garey had been "seen" had proved unfounded.

## NINE MET DEATH TWENTY EIGHT ARE INJURED IN STORM

### Tornado Swept Thru West Side of Austin, Texas

(By The Associated Press)  
AUSTIN, Texas, May 4.—Nine dead, 38 injured, two probably fatally, and property damage estimated at \$400,000 was the toll of death and destruction in the wake of a tornado which late today swept thru the west side of the city to Oak Hill, 8 miles southwest, according to a check of the situation late tonight.

Five of the dead are adult whites; three are adult negroes and one is an 18 month old white baby which was picked up by the tornado, carried across a road and dropped. Excepting the child all the deaths occurred at Oak Hill.

Information from that community was meager tonight and it could not be learned exactly how many persons were injured.

## Small Will Sign Bonds in Court

(By The Associated Press)  
WAUKEGAN, Ill., May 4.—Governor Small devoted spare moments during delays in his trial today to discussing with Col. C. R. Miller, director of public works some of the state improvement work contemplated for this year.

Colonel Miller arrived this afternoon from Springfield with Frank T. Sheets, superintendent of highways and Edgar Martin, state superintendent. Archdeick and emissaries from state treasurer Miller's offices arrived in Waukegan with another \$2,000,000 worth of road bonds for Governor to sign.

Governor Small planned to sign the bonds in his hotel room at night but asserted today that if many long delays in his trial occurred he would save time by taking the bonds to the court room and signing them there.

Approximately 700 miles of road paving are under contract and one of the purposes of the visit of Colonel Miller and his aides was to take up with the governor

## SENATOR BORAH MAKES ATTACK ON BAKHMETEFF

### Asserts Used Money Loaned by U. S. for Own Purposes

(By The Associated Press)  
WASHINGTON, May 4.—Asserting the belief that Boris Bakhmeteff, the last ambassador of a Russian government to come to the United States never had presented to the state department credentials "properly accrediting" him as the Russian ambassador, Senator Borah charged in the senate today that M. Bakhmeteff had used a part of the \$187,000,000 loaned by the United States to the Kerensky government of Russia, and had invested it in New York and Chicago.

Mr. Borah likewise criticized and protested against a continuation of the policy, according to M. Bakhmeteff the privileges and immunities of a diplomat.

In an extended discussion the senator also attacked General Gregorie Semenovoff, Russian anti-Bolshevik leader into whose presence in this country the senate labor committee has been conducting an investigation.

Mr. Borah expressed the fear that the general was here to obtain funds with which to promote a new revolution in Russia and described him as responsible for crimes, the brutality of which "has never been equalled in the history of the world."

Regarding the charge that M. Bakhmeteff had not turned over all of the American loan to the Kerensky government, Mr. Borah declared that a priest of the Greek church was ready to testify before the labor committee as to the investment of some of the funds in New York and Chicago real estate. The information which Mr. Borah had, he said, was to the effect that the property was in the hands of a holding company organized by M. Bakhmeteff for that purpose. The income, he assumed went to M. Bakhmeteff.

### Used to Buy Supplies.

Sensors Commerce and Smoot suggested that the money loaned to this government had been used to purchase war supplies in this country, and which, subsequently, were sold after the revolution. The supplies had to be paid for they added.

### Decision Is Deferred

A decision was deferred until tomorrow it was reported, because of the absence of Mr. Mortimer, who had gone to his hotel because of illness.

Indications tonight are that the state will not ask to re-open the panels already sworn to challenge peremptorily one of the jurors and may raise the question whether the request of the defense for that privilege might be grounds for error and reversal by the higher courts of any verdict obtained.

The defense is reported to have affidavits from two men who were discharged from the jury in which they tell an alleged statement made by one of the jurors.

According to the affidavits, the jurors were joking about a prospective juror who when asked if he was acquainted in Grant Park, a little town in Kankakee county and home of Vernon Curtis, one of the defendants in the case replied:

"Sure; I have parked my car there," the juror being under the impression that the Grant Park referred to was a public park on the Chicago lake front.

One of the eight men who have been sworn in according to the affidavits, then remarked something to the effect that:

"Grant Park—that's the place" (Continued on Page Five.)

## TARIFF BILL MAY BE PASSED BY 1964

(By The Associated Press)  
WASHINGTON, May 4.—An estimate that at the present rate of progress the pending tariff bill would be passed on September 29, 1946, was given the senate today by Senator McCumber, Republican, in charge of the measure who said the estimate had been prepared by an expert who based his calculation in the fact that just two of the two thousand odd amendments to the measure have been acted on in 13 days.

"I think that after listening to the debate today," said Senator McCumber, "we will have to add 30 or 40 years more to that estimate."

Asserting that the tariff bill had not been discussed for one fifth of the time it had been before the senate he declared:

"We have all gone off on extraneous matters. Unless we get down to the bill itself, you will get tired of hearing your own voices and before you have considered one-third of the bill you will be ready to swallow all of it."

## SENATORS SPEND TIME TALKING OF INDIANA PRIMARY

### Indulge in Old Time Political Debate on Issues of Day

(By The Associated Press)  
WASHINGTON, May 4.—The senate had an old-time political debate today growing out of the result of the Republican senatorial primary in Indiana and revolving around the question of whether or not the government should be in the by-election in November. Senator McCormick, of Illinois, chairman of the Republican senatorial campaign committee, quoted former Governor Cox of Ohio, contended that the Democrats were seeking to make the league of nations the chief issue but Senator Underwood, the minority leader and other Democrats insisted that the existing economic conditions would be the big question.

"The mistakes of the Republican party," said Senator Underwood, "its failure to relieve business from the undue burdens of taxation, its failure to bring the expenditures of the government to anything approximating those that existed before the war, probably will receive attention from the people. How can you expect the American people to think of the league of nations when you are burdening them with these taxes and appropriations. That is the reason the senator from Illinois cannot make the league of nations the sole issue in the coming campaign. His party on the issues of today have failed to make good before the American people."

### Senators Differ on Issues

Senator McCormick insisted that Democratic senators asking re-election say whether they were for the league of nations. Senator King, Democrat, asserted that the "Illinois senator, an adroit political leader, is trying to turn the attention of people from the palpable blunders of a party on domestic issues to a question not now of paramount interest."

Mr. King and Senator Hefflin, Democrats, said the result in the Indiana Republican primary was a blow at the present administration and Senator King predicted that in November former Governor Ralston, the Democratic senatorial candidate in Indiana, would be elected and that there would be reactions in other states.

Both Senators King and Hefflin declared the result in Indiana had disturbed Republican senatorial leaders, Mr. Hefflin asserting that Senator McCormick would not be able to withstand more than one or two such additional jolts.

There was a heated colloquy between Senators Hefflin and McCormick as to whether Senator King had voted for the league of nations in the senate. Senator Smoot, Republican, said the league could not have been an issue in the Indiana campaign, because while Senator New had voted for the league with reservations, former Senator Beveridge, victor in the primary, had declared against the league with or without reservations.

### FORMER U. S. SENATOR DEAD

Lakota, N. D., May 4.—Asle J. Gronna, 64, former United States senator from North Dakota, died tonight.

## DOUGHERTY SAYS HE WILL MAKE LETTERS KNOWN

### If There is Discussion of His Connection With Morse Case

WASHINGTON, May 4.—Declaration was made by Attorney General Daugherty today that should Democratic discussion in the senate of his connection with the release in 1912, of Charles W. Morse, New York shipbuilder from the Atlanta Federal prison continue, he would make known "the facts."

He coupled with this assertion "the real people behind this movement aside from the partisans interested, have not shown their hands or their heads."

Shortly after the attorney general had made his declaration Senator Caraway, Democrat, who has been leading the discussion renewed his accusations declaring despite denials made by Mr. Daugherty's friends since the matter was brought up, Mr. Daugherty at the time of Morse's release "took credit" for obtaining the executive clemency.

The senator read an interview published in a Columbus, Ohio, newspaper at the time of Morse's pardon in which Mr. Daugherty, then practicing law in Ohio, was quoted as having said he sought the release of the present shipbuilder so that the financial affairs of a steamship company in which the imprisoned man was interested could be straightened out.

"I will never discuss politics," said Mr. Daugherty in his statement, "but there is little of interest to be said in regard to the articles appearing in the newspapers regarding the discussions in the senate and elsewhere which constitute an attack upon the administration and naturally an attack upon the department of justice. Naturally this may be expected from time to time."

Says Case Fully Discussed.

"Evidently the Morse case of years ago was fully discussed in the newspapers when I was a candidate for United States senator in Ohio. At that time President Taft and Mr. Wickesman wrote signed letters which immediately stopped discussion and conclusively answered all charges that were made or that ever would be made for any purpose whatsoever."

"These two letters are in my files and if there is occasion for it I shall send for them and they will be republished."

After reading the purported interview Senator Caraway said:

"Mr. Daugherty ought to apologize to Senator Watson, (Republican) who was quick to defend him here on the floor Tuesday with a statement that the attorney general had never had any connection with the case."

Senator Willis, Republican, interrupted to remark that Senator Watson had not stated the attorney general had no connection with the case but had declared Mr. Daugherty never had received a fee from Mr. Morse.

### Fight Results When Gunmen Kidnap a Motorcycle Officer Who Tries to Arrest Them—One of the Gunmen Among Dead—All Are Wounded, Two Perhaps Fatally

(By The Associated Press)  
CANTON, O., May 4.—Three men were killed and four wounded, two probably fatally in a gun battle today between a posse and four gun men which was staged about five miles north of here. The battle, which lasted more than an hour, followed the kidnaping by the gunmen of Motorcycle Policeman John Wise. Several hundred shots were fired.

### The Dead:

Eddie Stevenson, alias Joe Plato Stevenson, who previous to his death late tonight told physicians that was his correct name; shot in the groin.

Ralph W. Hoffee, 28, Canton contractor; member posse. Unidentified member of gun men.

Most seriously injured: Harry Harpert, 30, Cleveland, one of the gunmen; gun wounds in head; condition critical.

George Brainer, gunman; shot thru head; not expected to live.

Patrolman Jesse Volgley was shot thru the right leg and Robert Boston a posse man was shot in the left foot.

The gunmen kidnaped Wise when he attempted to arrest them for speeding in an automobile just inside the city limits.

They forced him at the point of revolvers to get into their car and then turned their machine and headed north. Witnesses notified the police who started in pursuit. They soon were joined by several scores of citizens.

When the bandits found they were being overtaken they abandoned their automobile and took Wise to a farm where they bound and gagged him. As the first automobile with police appeared the gun men opened fire. The officers returned the fire and one of the gunmen dropped fatally wounded.

The other three fugitives then abandoned Wise and fled into a small woods where they were surrounded by the posse and the gun battle proceeded until all the gunmen had been wounded and captured.

## Arrest Another In Iuka Bank Robbery

(By The Associated Press)  
ST. LOUIS, Mo., May 4.—The arrest here today of Albert Williams, 27, revealed that Alfred A. Oliver, convicted train robber had confessed to United States secret service agents that the holdup of the Iuka State Bank at Iuka, Ill., was planned by Oliver and committed by Williams, Ed Hall and a third man of Iuka.

The hold-up in which approximately \$15,000 in cash and liberty bonds was taken occurred December 20, 1921.

Ed Hall, who is 19, was sentenced to five years in the penitentiary after a trial at Salem, Ill., February 5. His brother Rex 17, jointly charged with his brother was acquitted. Miss Mildred Kelly, an employee of the bank, who had led a posse in pursuit of the highwaymen, was the principal witness against the two brothers.

Scores of suspects have been arrested during the investigation of the robbery including two attorneys of this city in whose possession war saving stamps taken by the Iuka robbers were found. The attorneys denied they knew the stamps had been stolen.

The final figures indicate that Mrs. Huck has been elected to Congress to fill the unexpired term caused by the death of her father, the late Hon. W. E. Mason. A few more weeks had passed before the compilation of election figures the unexpired term would have expired before Mrs. Huck had the opportunity to take the oath of office and occupy the seat of the house.

The slowness with which state election returns are received finally compiled is one of the serious proofs of inadequate election machinery.

In Chicago an organization of 60,000 church people is under way to help in the matter of law enforcement. First of all, by agreeing to report any violations of the law that they see. Each of the members is to pay \$1 a year into the treasury of the organization.

The Chicago idea is just \$2 a year better than that which has been given this city so much favorable comment. Here the \$1 a year salary plan has proved most effective while in Chicago the workers for law enforcement are to pay \$1 a year for the privilege of joining in the work.

It must be most annoying to John D. Rockefeller to read so much newspaper stuff about Harold and Mathilde McCormick, immediate members of his own family. If the richest man in the world hasn't long since decided that money is not the greatest thing in the world, these family troubles will certainly speedily lead him to that conclusion.

Nat Goldstein, who came into country-wide prominence prior to

the last national Republican convention, for having received \$2,500 of the Lowden campaign fund, evidently did not lose his standing in Missouri. He has just been nominated by President Harding for the post of collector of revenue.

A lot of people had the feeling at the time of the Goldstein "exposure" that he was carrying some of the load of blame that did not properly belong to him.

Cleanup week, the garbage disposal contractor or some other influence has put the alleys in the business district of Jacksonville into cleaner condition than they have been for many months past. Now certainly the business people of the city owe it to themselves and the public to help maintain those cleanly conditions.

It will be indeed discouraging to the street department to find that property owners or tenants take the easy way and immediately begin the careless scattering of trash in the alleys. There is only one way to keep streets and alleys clean and that is thru the co-operation of property owners with the street cleaning departments.

Quincy business men not long ago raised a special fund for graveled certain roads leading into Quincy for the purpose of bettering travel conditions and so increasing business. The business men have given further proof of their real interest in this project by offering to pay liberally toward the salary of an all time good roads secretary. The thought is that the chamber of commerce, combining with other organizations, can secure the services of an officer who will devote his time to finding out the exact road needs and then helping direct a method which will better these conditions.

Such an official would also afford some leadership in the way of hurrying along state and federal aid.

The Quincy men have taken hold of a live proposition in this matter, and the expenditure made will be costing bread upon the waters, with the certainty that it will return.

## ENSEMBLE RECITAL GIVEN LAST NIGHT

Members of the Faculty of Illinois College Conservatory Appear in Splendid Program—Large Audience Showed Enthusiastic Appreciation.

Last evening in Congregational church there was given a delightful concert by members of the Illinois College conservatory. The entire program which was made up exclusively of chamber music, was of a high order, and the very appreciative audience found it in no way monotonous, altho one might have expected a certain lack of variety from reading over the list of ensemble numbers.

The personnel of the Quintet has changed somewhat since Jacksonville last had the pleasure of listening to this Conservatory organization. Miss Carrie Dunlap has taken the place of Mr. Dean Cochran with the viola, her place at the second violin now being occupied by Miss Eloise Capps, while the cello, formerly played by Mr. Viggo Jensen, is now in the hands of Mr. Paul Beebe. Mr. Kritch still has the first violin part and Mr. Munger the piano.

The opening number was the first movement of the famous F minor Quintet of Cesar Franck, whose skill in modulation and general nobility of style are nowhere better shown. His music, while not easy to listen to, cannot but impress with its loftiness of spirit and its emotional sincerity. While complete in itself, this first movement makes one wish to hear the others. It was played with splendid vigor and remarkably sympathetic ensemble.

Mr. Kritch's Trio in D minor, which was performed once before a number of years ago, in concert here, was welcome to the many friends and admirers of the composer. It undoubtedly gains in second hearing. The form is rather strict, as it is an early opus, finding its greatest freedom in the Scherzo and Finale, tho the Andante has spots of more loveliness. It reveals a sympathetic understanding of all three instruments as well as a decided gift for melody and counterpoint. The audience received the entire Trio with enthusiastic applause.

In the Wolf-Ferrari Quintet the performers found a climatic ending to an interesting evening. It is undoubtedly a masterpiece of ensemble writing, composed, in the always beautiful key of D flat major, with the marvelous flow of parts and spontaneous melody of which this Italian-German is a master. It would be difficult to choose among the four movements, for each one has its particular charm and the unity of the whole is remarkable. Each instrument in turn receives its due prominence, and there is never a moment of dryness or monotony. The work was played with a finish that showed much careful rehearsing, and impressed with its one-ness of spirit.

Altogether, this was one of the most inspiring evenings that the musical public of Jacksonville has had thruout the year.

FORMER AGENT SENDS OPEN LETTER

(By The Associated Press)  
WASHINGTON, May 4.—Attorney General Daugherty was asked today in an open letter by H. L. Schafe, formerly an agent of the department of justice to say whether he had assigned men to "shadow" Representatives Johnson and Woodruff, Republicans, after their speeches criticizing the department.  
"Is it not a fact," asked Mr. Schafe, "that after Congressman Johnson and Woodruff addressed their colleagues in congress on April 11, you immediately assigned agents of the bureau of investigation to show these congressmen and myself and it is not a fact that you brought various agents of the bureau of investigation from out of town to Washington and employed them for the same purpose?"  
"It is not a fact that you had two bags of mail belonging to Congressman Roy O. Woodruff shadowed, followed and inspected. It is not a fact that agent H. F. Crawford, of the bureau of investigation followed these bags of mail belonging to Congressman Woodruff to the postoffice in Washington and inspected their contents?"  
Mrs. Lee Smith from Roodhouse came up to the city to trade yesterday.

BEVERIDGE SHOWS GREAT STRENGTH IN INDIANA PRIMARY

Former Progressive Leader Leads by Nearly 20,000

(By The Associated Press)  
INDIANAPOLIS, Ind., May 4.—The political comeback of former Senator Albert J. Beveridge, who was among the Progressive party leaders in 1912, reached a new peak of strength tonight when his majority rose to 19,687 votes on the receipt of delayed returns of Tuesday's primary election in which Mr. Beveridge defeated Senator Harry S. New for the Republican nomination of United States senator at the November election. Mr. Beveridge's majority suffered a net loss of 1,203 votes during the day, but this was more than offset tonight when his total vote was 202,321 against 182,643 for New with the only missing precincts in the state being 86 in this city and Terre Haute.

The Democratic senatorial vote was more incomplete than that of the Republican candidates but Former Governor Samuel M. Ralston maintained his run-away pace and had 163,670 votes with 266 precincts missing. The nearest of his four opponents was Dr. Jesse A. Sanders, whose platform advocated beer and wine with 27,710.

The result of the Republican contest was the subject of much gossip among political leaders, but all withheld formal comment. Mr. Beveridge's success in rural districts and in several cities was attributed by some to discontent among farmers and unemployed labor. He carried a big majority of the counties that cast large Progressive party votes in 1912, as also most of the counties that favored Senator James E. Watson in the latter's contest against Mr. New for the senatorial nomination in 1916.

In the congressional races for house of representatives only two contests both Democratic were undecided tonight.

CHANG TSO-LIN FORCES SUFFER HEAVY LOSSES

(Continued from Page One)  
westward. Diplomatic circles discredit the report of Wednesday that General Wu was killed in action. Nevertheless, they are without definite news. Circulars distributed in Peking today purported to give the circumstances of the death of Wu, which is declared to have occurred while fighting at Machang.  
This circular asserts that General Chang paid a reward of \$500,000 to the soldiers in the battle in which Wu is said to have been killed. Efforts by the legation officials in Peking to reach General Wu have failed. The officials are inclined, meantime, to question the accuracy of the report of his death.

An Inevitable Incident  
WASHINGTON, May 4.—The fighting in China was described today by Minister Sze as "an inevitable incident during the period of readjustment from a monarchy to a republic."

"I do not think that the fighting will last long," he said, "nor can it be compared in any sense with the American civil war. The question involved is an entirely domestic one. Neither side has shown any disposition to interfere with foreigners residing in China or their property. I am sure this disposition will be continued as long as the foreigners do not take sides or interfere with the contending parties."

"I think too much attention has been directed to the present unrest and disarray and apparent lack of unity among certain classes of our people. In an organic change in the life and habits of a nation there follows always a period of natural readjustment in the guise of disturbance and unrest. This is what has been taking place in China since she commenced to change her form of government from that of a personal autocracy to a democracy. "The effect of the present disturbance will ultimately—irrespective of which side wins, result in the growth of nationalism."

ROUGH SLEDDING GREET'S MEASURE

(By The Associated Press)  
WASHINGTON, May 4.—After three hours of rough sledding the Treadway bill providing for creation of 10 additional internal revenue collection districts was laid aside by the house tonight just at the voting point with indications that it might not be called up again at this session. Opposition to the measure as reported by the ways and means committee with Democratic members dissenting, developed so rapidly and unexpectedly that Republican leaders joining in the fight against it, declared it had gone to the legislative morgue.  
During the long wrangle there were references to the "rumblings from Indiana and the protest from some quarters against the nomination of Sol Goldstein, as revenue collector at St. Louis."

Chairman Fordney of the committee, Representatives Chandler, Oklahoma, Mills of New York, Republicans and others urged its passage as a means of expediting government business, Mr. Fordney asserting it was a money saver in that the treasury would be able to collect back taxes amounting to a billion dollars.

Chairman Madden on the appropriations committee and other Republicans attacked the proposal and urged its defeat.

A dozen Democrats spoke against it and none in its defense. "I hope every member with the interests of the American people at heart will vote against this bill," declared Mr. Madden. "We do not need it. It will cost one million dollars a year, and why add that burden on the people."

After explaining that additional bureaus had been urged by Secretary Madden, Mr. Fordney shouted:

"My God, men, just the other day I got word from the collector that on my taxes paid in 1917, I was 72 cents short and told if I did not come in and pay, I would be arrested. They are that far back, and count the interest on a billion dollars a year and you see what the government is losing."

GEN. FORBES HAS RESPONSIBLE POSITION  
BLOOMINGTON, Ill. — Col. Charles R. Forbes, director of the Veterans' Bureau now is the one man in the United States directly responsible for the proper care of the sick and wounded veterans of the world war, according to Department Commander McCauley of The American Legion.

Passage of the Lantry Bill appropriating \$17,000,000 to complete building of permanent hospitals under Mr. Forbes' direction and the announcement that public health service hospitals in which men are patients will be transferred to the control of Mr. Forbes centralizes completely responsibility for care of the war's disabled in the hands of one man. "This means," declared Mr. McCauley, "that the Legion's three year legislative fight is won, but it also means that the country is just three years too late in adequately caring for its disabled. The armistice was hardly signed before it became apparent that the machinery of rehabilitation was clumsy. There were three separate bureaus with which the veterans had to deal—one for payment of compensation, another for hospital and medical care and another for vocational training. Responsibility was divided three ways."

"The Legion drew up a program to remedy this condition and obtained the backing of the country. But by this time 150,000 pending claims for compensation had been amassed and 300,000 unanswered letters. Departments passed cases back and forth between them while men died in want."

"Finally now the machinery is in order. One man, The head of the Veterans Bureau, controls insurance, compensation, vocational training and hospital and medical care. Furthermore, the power to make decisions and awards has now been allotted to districts so that there is personal contact with claimants."

Miss Anna Burdick of Winchester was numbered among the shoppers in town Thursday.

RUSSIAN SOVIETS HAVE OPERATIVES THRUOUT FRANCE

French Police Make Arrests and Promise More in Few Days

(By The Associated Press)  
PARIS, May 4.—Claiming to have discovered the existence of a highly developed espionage system organized by communists in France for the benefit of the Russian soviet government the French police today made three arrests and promised numerous others within a few days.

The espionage scheme, they declare involves 200 operatives and has ramifications in Brest, Lorient, Toulon and 150 powder factories in the center of France and arsenals in the vicinity of Paris. Secret documents have been taken from the Brest arsenal, according to revelations, and from the largest powder factory in the center of France and they claim to have proof that regular couriers have plied between espionage centers in France and Berlin where documents were assembled, classified and forwarded to Moscow. Intensive Bolshevik propaganda the police assert also was probably carried on a side line.

Marcel Cachin, leader of the communist party in France said to the correspondent today: "It is a strong coincidence that this discovery of a huge plot against the national security of France could come when the French delegation is engaged in bitter opposition to the soviet delegation in Genoa."

"Impartial observers will not be fooled by the attempt of the capitalist government to discredit the soviet. It only succeeds in making France as a huge arsenal and an armed camp."

After the conference, Mr. Lewis, with the approval of Secretary Davis, said the discussion had been upon certain fundamental conditions in the industry, but beyond this nothing could be said. The strike, from the union's standpoint, he added, was "developing normally, and without any breaks."

## TRIAL HALTED AS CHARGES OF JURY FIXING ARE PROBED

(Continued from Page One)  
were Governor Small put the money in a fictitious bank. One of the state's charges is at state funds were placed in the bank.

Tendered by the defense as a competent juror, Mr. Garey at the opening session resisted by his lawyers all attempts of the state to challenge him. Five times the body of the prosecution urged the challenge of Garey for cause but each time the court held anything which would disqualify him.

Then it developed that Mr. Garey had talked of the case while

waiting to be called to the box. He pointed out another prospective juror as the man he had spoken to, but denied anything was said concerning the governor's guilt or innocence.

At the afternoon session the state produced court records to show that Garey had served on a circuit court jury just a year ago today but Judge Edwards ruled that the necessary year had elapsed and he was now available for service.

### Experiences Change

Finally, under Mr. Dad's questioning, Mr. Garey said "a change" had come over him since morning and he now believed he would not make a fair and impartial juror. The change, he said, was the result of things he had seen and heard during the day, but what they were was not developed.

Judge Edwards eventually dismissed Garey for cause after he testified he now had a fixed opinion as to the governor's guilt, or innocence.

Within 15 minutes after he left the court room the conference was called in the judge's chambers and a bailiff dispatched to bring him back, but at the conclusion of the hearing, Judge Edwards announced that both sides were satisfied nothing was wrong.

Mr. Garey furnished the next (thrill) of the day, after being dismissed, when he ran from the court house to escape pursuing photographers. He finally got away unphotographed after a chase across lots and over fences

when he turned and bombarded his pursuers with an old shoe and tin cans.

Only eight men passed thru the jury box today, the smallest of any day since the trial started.

## GERMANS CONFER WITH LLOYD GEORGE

(By The Associated Press)

GENOA, May 4.—The German chancellor, Dr. Wirth and the German foreign minister, Dr. Rathenau were summoned to President Lloyd George's villa today and remained for several hours in conference with the prime minister. Lord Birkenhead and Sir Edward Grey. Both Germans and British were non-communicative regarding the subjects discussed but rumors are current that plans were considered for the ameliorating Germany's reparations situation.

The English have announced that they still adhere to the suggestion for a meeting of the signatories of the Versailles treaty either at Genoa or a neighboring city before May 31 to take under advisement measures which may be necessary respecting the German reparations payment due on that date which Germany has announced inability to pay.

The longer the Russians study the memorandum on Russian reconstruction the less it seems to appeal to them. Rakovsky, Tchitcherin and Litvinoff have expressed their surprise at some of the sections, and the divergence between the allies caused by France and Belgium holding out on Article 6 has greatly strengthened the Russian position.

### REPARATIONS COMMISSION SENDS GERMANY NOTE

Paris, May 4.—In a long note communicated to the German government tonight the reparations commission fails to find any immediate violations of the treaty of Versailles in the provisions of the Russo-German-Rapallo treaty but reserves to itself the right to examine closely the application of the treaty and take any action necessary to protect the allied lien on all German resources.

The French foreign office refused tonight to comment on the decision but in unofficial circles there is considerable disappointment. The commission asks Germany to confirm in unmistakable language the assumption of the commission that Germany has no intention of renouncing rights, which have been, or should be transferred by Germany to the commission under Article 260 of the Versailles treaty.

Explicit assurances from Germany also are requested that the Rapallo treaty contemplates no new charges against the German budget in connection with compensation for its nationals or for the reconstruction of Russia. Germany is further asked to make clear that the German property in Russia is given up by the provisions of the Rapallo treaty is privately owned and not state property.

### TESTIFY IN PITTSBURGH PLUS

Chicago, May 4.—E. C. Litchfield, vice president of the Litchfield Manufacturing company of Waterloo, Iowa, manufacturer of farm implements, was a witness today at the Pittsburgh plus hearing before the federal trade commission. The witness testified that the practice of charging the Pittsburgh price for steel plus the freight rate from Pittsburgh to the point of purchase regardless of where the steel was manufactured added \$2.67 to the cost of every manure spreader made by his firm. He added that as his concern makes normally 10,000 spreaders each year the additional cost to the farmers was \$68,500 yearly.

E. F. Lawrence of Lawrence Brothers, Sterling, Ill., makers of Builders Hardware, said that prior to the formation of the United States Steel Corporation all steel purchased in Chicago was on a Chicago mill basis with only the actual freight being paid.

## THOUGHT BOY DROWNED JUST TOOK AN AUTO RIDE

(By The Associated Press)

BEARDSTOWN, Ill., May 4.—For more than an hour today a crowd of frantic citizens dragged the flood waters of the Illinois river along the hard road south-east of town for the body of Howard Schwab, 19 years old, believed to have been drowned while playing near the roadside. Mr. and Mrs. Joseph Schwab, parents of the boy, Chief of Police Robert Patterson and Coroner George T. Sanders were directing the searchers. Mrs. Schwab was prostrate with grief.

Just as the searchers were giving up in despair, Howard clambered out of an automobile and curiously inquired, "what's all the crowd about?"

Then the search ended. Cuddled in the arms of an overjoyed mother, Howard told his story. He said that he had taken a ride to the end of the hard road with a passing motorist and had returned in the same manner.

Parents of the boy did not see him enter the automobile and when they missed him naturally concluded that he had fallen into the water.

## Under Price Gas Ranges Mean

## Over High Gas Bills

Would You Prefer an Initial Saving of Three or Four Dollars, or a Monthly Saving of 50c to \$1?

The First Cost of the Gas Range is a Small Matter Comparatively; it is the Cost of its operation the Year Around That is the Most Vital Point for You to Consider

It Costs Less to Operate a New Method Than Any Other Gas Range

These figures were secured as the result of a most thorough competitive test with twenty makes of stoves.

Supposing that the initial cost of some unknown range was \$2.00 or \$3.00 less, and your gas bills were \$4.00 a month.

With the New Method there would be a saving in your gas bills per year of more than the difference in cost between the two ranges.

Is This Saving Worth While?

Especially when you consider that the New Method is enameled throughout, even including the burners, which makes it the most sanitary range made. Split oven doors, movable simmering burner and lighter, are the other features not found in any other stove.

ILLINOIS MEETS  
BRADLEY TODAY

Coach Harmon will take his Illinois College track team to Peoria this morning where it will meet Bradley in a dual meet this afternoon. The men have been working hard since the weather became fit for outdoor work.

However, Bradley has had the advantage of two meets and probably will have an edge on the Illinois men in condition. Bradley has met and defeated Lombard and Hedding this year.

Last year Illinois found Bradley rather easy in the dual meet held here. While Illinois does not seem to be as strong as a year ago both the men and Coach Harmon are confident they will be able to bring home the bacon.

GREEK PRISONERS  
STATUS UNCHANGED

Men Accused in Schuyler County Shooting Still Held Here—Are as Comfortable as Can Be in Crowded Quarters—Group Picture Taken.

The twenty-nine Greeks who are prisoners at the Morgan county jail will probably be in the care of Sheriff Weatherford for several days longer. The Schuyler county grand jury is expected to return indictments against the twenty-nine tomorrow morning, and any preliminary hearing would not in the natural course of events occur until several days later and for various reasons it is not likely that the Schuyler county authorities will be in any hurry about having the men removed to that county. The jail at Rushville is not as large as the one here and that fact is only one of the various reasons which might be urged for delaying the transfer.

While the space in the Morgan county jail is not sufficient for permanent housing of so large a group, Sheriff Weatherford is doing his best to give his prisoners the treatment that then are entitled to under the law.

Walter W. Wright, one of the attorneys engaged to defend the prisoners, returned yesterday from Rushville. The indictment of the men will not occur until the grand jury would not be likely to take any other action. However, the friends of the men realize that in this case, as in others, an indictment is by no means a proof of guilt.

A group picture of all the Greek prisoners was taken Thursday by Otto Spiehl. At the request of the men and their friends the prisoners were taken to the jail yard. It is understood that it is the intention to send the picture to influential Greeks in various parts of the country supplementing an appeal for financial aid.

As the picture was taken, the men were under guard of Sheriff Weatherford, Chief of Police Kiloran, Deputy Sheriff Roach, Patrolmen McGinnis and Hogan.

WEDNESDAY CLASS  
HAS ANNIVERSARY

Exclusive Literary Organization Celebrated Thirty-Fifth Birthday Thursday Night.

The annual open meeting of the Wednesday Class was held yesterday afternoon at the beautiful country home of Dr. and Mrs. A. B. Applebee northwest of the city. The affair was a 6:30 dinner and each member of the class was privileged to take a guest. Dinner covers were laid for about 50 guests and a delicious menu was served at small tables arranged for the occasion with attractive spring flowers and blossoms. Lilies of the valley, Persian Lilacs, Bechtel Crab blossoms were used in profusion in the house decorations. Members of the Missionary society of Grace Church served.

At the close of the dinner a program was carried out. Mrs. John L. Johnson, the president of Wednesday class, spoke words of welcome, which left no doubt as to the pleasure of the class in entertaining their friends on this, the thirty-fifth anniversary occasion.

Mrs. Johnson then asked Mrs. Ensley Moore to read a letter from Mrs. C. A. Barnes, who is now at Clifton Springs, N. Y. It was written in brightly vein and at the same time voiced the writer's regret that she could not be present.

Dr. F. S. Hayden, who has long been accounted one of the closest friends of the class among men, presented a remarkably interesting study of Job as rather "The Problem of Innocent Suffering" that the book develops.

Some Class History.

Mrs. Johnson in her introductory remarks recalled from the records that Wednesday class was founded March 23, 1887, by a number of women who wanted a society for mutual study and improvement. "Were they not living in the far-famed Athens of the West," said Mrs. Johnson, "and was it not their duty to add their knowledge to the fame of their illustrious city? A good constitution and by-laws were adopted, for Article Two of the constitution says: 'The object of this society shall be the intellectual improvement of its members.'"

It was related that the number of active members shall at no time exceed twenty-one. Meetings are held each week from September to May, and at no time do weather conditions or unimportant things of that kind daunt the earnest members.

The first annual meeting was held Dec. 27, 1888, at the home of Mrs. Winslow, who is called the mother of the society. The twentieth anniversary was celebrated at the home of Mrs. Thomas Worthington, May 2, 1907, and at the conclusion of the luncheon program Mrs. Martin Vogel gave a toast to the class and Mrs. W. D. Sanders, who was the foster mother to the class from its inception. The twenty-fifth anniversary was at the home of Mrs. Kirby, when Mrs. Woodman gave a charming history and letters were read from many of the absent members.

References were also made to the anniversary during the war time at the home of Mrs. Waddell and a Colonial supper at the home of Mrs. Lippincott. There were various personal touches throughout the address which proved a charming resume of Wednesday class history.

A Study of Job.

Dr. Hayden a number of years ago gave a series of addresses to the Wednesday class on the Old Testament, studying a number of the books merely from a literary standpoint without special reference to their deeper significance. So his theme last night was especially appropriate.

The address was a discussion of the problem of innocent suffering and of the existence of evil in the world. He began by reading passages from a dramatic poem written about the fourth century. Later came the subject and the auditors followed a most interesting line of thought on a somewhat difficult theme.

Last evening's affair closed the year's activity for the Wednesday Class and the next regular meeting will be held next fall. The committee in charge of the program for the open meeting included: Mrs. F. S. Hayden, Mrs. A. B. Applebee and Mrs. Walter Ayers.

ALL HONOR TO THE  
PARK ROAD.

To the Journal:—  
Have you seen our Central park lately? If not come down and visit it in all its beauty before the tulips fade. For many years I have made my home in Jacksonville. In the meantime I have seen a great many beautiful parks but none to compare with our own, Central, Nichols and Duncan, in beauty—that is, for small parks.

As I walked thru Central park recently I stopped many times to admire the whole effect, our great forest trees, then the imposing and beautiful monument in the center to honor our dead soldiers. The arrangement of flowers and shrubbery is exquisitely beautiful. We should stop and remember the hours and days of thought that the members of our park board have given to this work. Certainly we should not desecrate this beautiful spot by carelessly throwing papers and trash over the ground near the flowers and shrubbery.

L. E. STONE CALLS  
ON LOCAL FRIENDS

Democratic Candidate for Senator Recalls Student Days in Jacksonville.

L. E. Stone attorney of Springfield and Democratic candidate for state senator, was in the city last night enroute to a Missouri city on legal business. Talking to a newspaper man last night Mr. Stone recalled the fact that 25 years ago he slipped quietly into Jacksonville to begin working his way thru Illinois College. "It is refreshing to return," said Mr. Stone, "for youthful impressions have lingered with me and I have always kept up my interest in Jacksonville. This is a city of which the residents may well be proud, and Jacksonville has had a great influence in many ways. As a moral example this city blazed the trail among larger cities in declaring local option territory.

"In the past eight years I have had to do with hundreds of criminal cases in the U. S. court, either as prosecutor or defender, and I am glad to say that a very, very few of them have originated in Jacksonville."

Turning to politics, Mr. Stone then talked about the alleged political ring in Sangamon county and said that he understood there was no such thing and no invisible government here in Morgan county.

Mr. Stone expressed confidence in his election and said that if he became a member of the senate that he will seek to introduce a corrupt practice act which will provide penalties severe enough to punish such crimes against the people as are possible when corrupt politicians rule.

## NEW WHITE HALL CITY COUNCIL IN SESSION

Many Matters of Routine Business  
Given Attention at Recent  
Meeting—Postal Improvement  
Week Observed.

WHITE HALL, May 4—The May regular session of the city council was a prolonged one, the old council closing the business of the fiscal year and the new members being seated as follows: Robert Shaw, alderman from the first ward, succeeding H. W. Galhuly; John Conrad from the second, succeeding C. A. Whiteside; and Frank Dawdy from the third ward, succeeding H. L. Duger.

Salaries of officers and employees were fixed prior to the making of appointments, as follows: Street labor, \$4.00 per day; man and team, \$5.50; city marshal, \$100 per month; night policeman reduced from \$60 to \$50 per month, the remainder being paid by merchants; superintendent of streets, \$5.00 per day. The appointments were W. L. Winn city attorney, Thomas Tatum marshal, Elmore Dean superintendent of streets, John Dean assistant, H. R. Fry water superintendent, G. W. Clouder night policeman, Robert Singleton oil inspector, William Mace fire chief, Nathan Rogers first assistant, J. W. Rose second assistant. These appointments were confirmed. The mayor named H. W. Galhuly, C. A. Whiteside and V. T. Winters as park commissioners.

The mayor stated that the local board of health is to be composed

of two practicing physicians, two aldermen and the mayor; that he had interviewed the president and secretary of the local medical society, who informed him that unless he appointed the physicians named by the medical society, such appointments would not be permitted by the medical society to qualify. The mayor named Alderman V. T. Winters, Alva Waltrip and Frank Dewell as members of the health board, and they were confirmed.

It was decided to publish the report of the treasurer monthly instead of annually.

The committee on library reported inability to reach an agreement with the trustees of the township library on the matter of rental for the proposed new building on Whiteside park. However, the following preamble and resolutions were adopted:

Whereas, Mr. Seth N. Griswold has magnanimously offered to build for the city a building on Whiteside Park to be

Resolved by the City Council of the City of White Hall that we gratefully accept the gift so generously made, and that the city pledge itself to maintain and keep the same in good order and condition, properly lighted and heated. Be it further

Resolved, that we hereby extend to Mr. Griswold the thanks and appreciation of the people of this city for his splendid generosity, and that a copy of this resolution be spread upon the records of the city and a copy of the same be sent to Mr. Griswold.

Commander C. E. Womken, of the American Legion post, requested the purchase of two silk flags at once, so they will be available for Decoration Day as well as the Fourth of July and the sum of \$135.00 was appropriated for the purpose. A committee was named to cooperate in the observance of Decoration Day at the soldiers' monument.

The chief sanitary engineer of the state board of health in a letter stated that the well water of White Hall is polluted with typhoid and other dangerous germs, and that an analysis from many wells showed conclusively that only five percent of the wells produce healthy water. It was also stated that the water from the city reservoir is also unhealthy, and the writer strongly advised the city to spend at least \$15,000 on a filtering plant, adding the suggestion that the council pass an ordinance forbidding the use of well water for drinking purposes.

Another communication recited that a state health officer had within the last two weeks visited the tenement known as the old orphan's home, and found it to be in an unsanitary condition, extremely so. The council unanimously passed a resolution declaring the building to be unfit for human habitation, and ordered the owner and the lessee, Jos. Browning, to remove all tenants within thirty days. Like action was taken by the health board at the conclusion of the council session.

The annual appropriation ordinance was passed, carrying \$150,000, including \$60,000 for a municipal electric plant.

Observe Postal Week

Postal Improvement Week in Greene county was observed on Tuesday in White Hall at a gathering of the postmasters of the county as guests of Postmaster J. E. Wyatt of White Hall. A business session was held in Hotel Stocks at 1 o'clock. F. P. Williams, Carrollton, was elected chairman and William M. Canedy, Greenfield, secretary. Other postmasters present were as follows: W. C. Roodhouse, Roodhouse; J. E. Wyatt, White Hall; Lacey Irwin, Kane; W. E. Williams, Rockridge; W. E. Clark, Hillview; Jason Lewis, Eldred; Elmer Mehrhoff, Barrow.

This meeting was held at the suggestion of the postmaster at the central accounting postoffice, Chicago, in order to carry out the instructions and plans of that office to prepare a program for "Postal Improvement Week," and to exchange ideas for the best way of improving the postal service in Greene county by a uniform plan of publicity and activity for a continuous, persistent campaign for the education of the people in the proper use of the mails and the postal service, and to bring about closer cooperation between the business men and patrons of the postal service.

A general discussion of plans for the betterment of the service was engaged in, each postmaster being given the privilege of advancing his ideas.

At this meeting it was decided to form a County Welfare Council, known as the Greene County, Illinois Local Welfare Council of the Postoffice Department. The following postal employees were named as members of the council: Presidential postmaster, W. C. Roodhouse, Roodhouse; Fourth class postmaster, W. E. Williams of Rockridge and Elmer Mehrhoff of Barrow; rural carriers, Clifford E. Shane of Greenfield and W. P. Gibbons of Roodhouse.

A meeting of the postmasters of the Welfare Council will again be held in the near future to further carry out the plans of the postoffice department, and will unite the Business Men's associations of the county, representatives of the farm bureau and the teachers' association to meet with them in order to form a clearer cooperation for the betterment of the postal service.

The visiting postmasters were guests of Postmaster Wyatt at dinner at the Stocks.

**WHAT'S IN A NAME?**  
A patron of the Journal while on a long journey recently had occasion to consult several physicians in different places. The first one encountered was Dr. Kitowski. He was of Polish parentage, the born in Minnesota. He was a finely educated man and served this country all thru the world war and had many thrilling tales to tell of his experiences.

Dr. Hoffman was a rotund, good natured physician; high up in Masonic circles and a fine man withal and the fortunate husband of a charming wife.

Then came Dr. Schnabel, a young German physician, but one well versed in the lore of his profession. He was alert and up to date and no rober when it came to settlement.

The last he consulted had the euphonious name of Dr. Laubersheimer; he too, was at the head of his profession. He was quick and accurate in his diagnosis and knew just what to do.

For a variety of names the list includes some rare ones.

**A TRAINED BEAR.**  
A man drove thru the city yesterday with a trained bear in a crate on the rear of his car. He said the animal was eight years old and remarkably well trained. He would skate on roller skates, wrestle and do all manner of remarkable things. He said he had been around the world four times with him and might go several times more. He was on his way to the far northwest and struck out for Hannibal.

Allen Stuart of Denver, Colorado, is making a visit at the home of friends and relatives in Jacksonville. Mr. Stuart formerly made his home in this city.

## Life Insurance as Collateral

Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.

Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000 (\$500 a year for ten years); upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.

Ald line life insurance is a savings, as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.

Meanwhile, the properly insured man knows he has taken the wise and prudent course.

Millions of housewives use Calumet Baking Powder because of its dependability—because when they place their baking in the oven, they know it will "turn out" all right. They are confident of results because they know that no matter what they bake—pies, cakes, biscuits, muffins—the results will be the same—light, perfectly raised, wholesome foods.

**CALUMET BAKING POWDER**

never disappoints. Don't prepare bakings with expensive ingredients and then have them spoiled because of an inferior leavener.

## FIND IT IN BOOKS

Peters, John P., "Bible and Spade"—This book is just off the press and is to the Bible student what a guide book is to the tourist. It shows how the explorer and archaeologist have made discoveries which verify the historical statements in the Bible, and furnish means of interpreting many passages that are otherwise unintelligible. The author gives numerous examples of this, especially as related to the prophecies, Psalms, and the New Testament. This book is in the series of lectures of Lake Forest College, 1921 and is a valuable addition to any library. It will be enjoyed by ministers and Sunday School teachers and all students of the Bible. Get it at the Public Library.

## ATTEND SESSIONS OF BOOKSELLERS

The Illinois Booksellers and Stationers Association met this year in Decatur and closed its sessions Wednesday evening. Those attending from this city: Mrs. Mae Black and Mr. and Mrs. B. F. Lane who report a successful and pleasant meeting of two days. About a hundred members were present from various parts of the state and the meeting was held in the Hotel Orlando. The guest of honor at the closing session Wednesday evening was Edgar A. Guest, the well known hearth and home poet who bids fair to rank with J. Whitcomb Riley if he keeps up as he has begun.

A banquet was enjoyed in the palm room of the Hotel Orlando and a program of toasts followed during which Mr. Guest took a prominent part greatly pleasing all present with his remarks. He also read from some of his works with great acceptance.

A motion to affiliate with the Iowa dealers was voted down. That state has no association at present and the matter of affiliation was deemed premature.

Decatur has five book and stationery stores and the proprietors of these were active in entertaining the members of the convention and the ladies were invited

to tea at the home of Mrs. R. W. Essex.

The next meeting is to be at Champaign and the state university being there it will be a desirable place for the meeting and it is determined to make it a good one.

William Johnson of Bloomington was chosen president. This was the seventh meeting of the association of Illinois and not many states have such organizations.

## SECRET OF A GOOD

DISPOSITION

A woman who carefully safeguards her health guards her disposition. She will be happy and attractive to all. The world unfortunately is filled with sweet women who are unhappy because they are held back from usefulness by troubles so common among them. Freefulness and nervousness rapidly destroy good dispositions. Sick, all-worn-out women cannot make happy homes.

Lydia E. Pinkham's Vegetable Compound is a safeguard of women's health. This is clearly proven by the many letters we are continually publishing in this paper, from women who have been restored to health and happiness by its use after years of suffering. Why don't you try it? Advt.

"I have doctored with the best doctors in the United States. Some said one thing and some another was ailing me and all wanted to cut me open, but May's Wonderful Remedy saved me, so now I eat cabbage, sausage and anything I want to. Nothing hurts me." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists. Advt.

## FRANKLIN CLASSES

ENJOYED BANQUET

Members of the Junior and Senior classes of the Franklin high school enjoyed a banquet Thursday evening at Marquette hall. The banquet was served at 6 o'clock and later came an interesting program, including brief talks by a number of the class members.

The hall was prettily decorated for the event, an abundance of spring flowers being used upon the tables. The arrangements for the banquet were in charge of Prof. B. E. Asplund, principal of the Franklin school.

## TWENTY THIRD MEET WILL OPEN TONIGHT

Western Illinois High School League Opens This Evening With Preliminary Intellectual Contests — Finals and Athletic Events Saturday.

The twenty-third annual meet of the Western Illinois High School League will be opened here tonight by the preliminaries in the Intellectual Contest to be held at the High School at 7:30 o'clock. At this time contests in public speaking, declamation, vocal, piano, quartette singing, extemporaneous speaking and violin will be held. Out of the large group of contestants who will compete for honors tonight, the judges will pick the two best contestants in each event. At the finals, to be held Saturday morning at 10 o'clock, the first and second places in each intellectual event will be determined by the judges.

Both the preliminaries and the finals in the intellectual contest will be open to the public this year. It has previously been the custom to open only the finals to the public but

in order that everyone may have an opportunity to hear all the contestants from the different schools, the preliminary contest will be also open to the public.

Owing to the large number of contestants this year it has been found that the program will be too long if the events are all given together. It has therefore been decided to divide the events in to three sections. The twelve numbers in piano and violin will be given in the high school auditorium; the twelve numbers in vocal and quartette music will be given in the David Prince Auditorium, and the declamation and extemporaneous speaking numbers will be held in the high school study hall. The programs will begin at 7:30 in all three places.

The track and field events will be staged on the Illinois College athletic field at one o'clock Saturday afternoon. One hundred and thirty five athletes representing the different schools will compete in the Saturday events.

### KIWANIS MEMBERS IN REGULAR SESSION

High School Girls Quartet Furnished Music and Mrs. H. P. Samuel Gave Readings at the Kiwanis Luncheon—Decatur Man Speaks.

Members of the Jacksonville Kiwanis club at the Thursday luncheon at the ePacock Inn had the pleasure of listening to a number of readings given by Mrs. H. P. Samuel, and songs by a quartet of high school girls. The quartet included Misses Saralee Rule, Eleanor Andre, Faye Carroll and Margaret Williamson.  
C. Y. Rowe was introduced by President Farrell as the chairman of the program committee. The girls of the quartet are to sing at the meeting of the Western Illinois High school association today and the selections were those that they are to present in the contest, and the Kiwanians think that they will certainly be prize winners.  
Mrs. Samuel gave two readings which were received with evident approval.  
A. R. Mayer, member of the Decatur club who was present, told something of the preparations that Decatur Kiwanians are already making for the state convention to be held there in October and urged Jacksonville to be sure to send a large delegation.  
The attendance prizes for the day were awarded to Dr. McLain and Albert Renner.

## White Sox's Rookie Twirler Who Enters Baseball Hall of Fame with No Hit Game

Only six on hit, no run games have been pitched in baseball history. The sixth goes to the credit of Charles Robertson, who was secured from Minneapolis by the Chicago White Sox. When the Detroit Tigers faced him on May 30, not one of them reached first base, including the slugging Ty Cobb and Heilman, leading batsman of the league. He fanned six men and only six balls were driven into the outfield. The most recent no hit games were pitched by Addie Joss, hurling against Ed Walsh of Chicago, Oct. 2, 1908, and Cy Young, pitching for Boston against Philadelphia, May 5, 1904.

### DIVORCE SUIT FILED.

A suit for divorce was filed in the office of Circuit Clerk Wana-maker yesterday by Aldo W. Hierman, against his wife Mary Hierman. The marriage occurred in June, 1918, and Mr. Hierman charges his wife deserted him February 3, 1920. Mrs. Hierman's name before her marriage was Mary Owings.  
The bill sets forth that satisfactory settlement of all property interests has been made between the husband and wife.

## TRADING IN STOCKS

## WAS VERY ACTIVE

By Associated Press.  
NEW YORK, May 4.—Trading  
in stocks today was very active at  
irregular price changes. Dealings  
were more comprehensive altho  
oil and petroleum again bulked  
large in the operations of pools.  
Incidentally the day marked  
the twenty fifth full session in  
which transactions ran of the mil-  
lions share line, aggregating  
1,400,000 shares. The money  
market and general industrial  
conditions were helpful factors in  
the main.

Call loans eased with the pro-  
gress of the session opening at 4 1/2  
per cent, but dropping to four  
per cent at midday.

In private offerings loans on  
demand were made as low as 3 1/2  
per cent.

Rails were in better demand  
than at any time since the ques-  
tion of lower freight rates be-  
came a debatable question their  
absorption being attended by  
more favorable statements of  
earnings but gains were impaired  
by the reaction.

Swiss francs were the only ex-  
ception.

Less activity than usual was  
evident in Liberty loans but  
almost as a whole they rallied in  
variable degree from recent re-  
actions.

Total bond sales (par value)  
aggregated \$18,000,000.

Comparisons are Made With Conditions in Local Institution in 1894.

Do you know that the average sick person today spends less than one-third as much time in a hospital as did his father? This interesting information came to light in connection with the arrangement of a program for National Hospital Day by the National Hospital Committee, who in glancing thru some old hospital statistics discovered that in 1894 the average stay of a patient in a hospital was nearly 40 days—39 days and 12 hours to be exact. Today the average length of stay is 13 days, 1 hour and 26 minutes. These figures show in a graphic way just how much the hospitals have improved the service they render their communities.

Those who visit Passavant Hospital on National Hospital Day will learn many other interesting facts in connection with present day hospital service. The Passavant Hospital is co-operating with other progressive institutions throughout the United States, Canada, England and Australia in a movement to acquaint the people with the real meaning of hospital service and to give them some idea of the great variety of equipment and the large personnel of highly trained executives, medical men and nurses required to treat the sick and injured.

For instance at Passavant Hospital last year, 1858 loaves of bread, 13,788 quarts of milk, were required for the patients and the hospital personnel. Other interesting facts may be learned at the hospital May 12th.

Passavant Hospital is working with the National Hospital Day Committee, Chicago, which has the endorsement of President Harding, Surgeon General Cummings of the United States Public Health Service, governors of many states, mayors and other leaders in public life in this important work of presenting to the public real facts concerning the hospital's place in the community.

**NEW ROAD GRADER.**  
A new road grader is being tested out by the county board and so far it is proving a fine success. It is drawn by a caterpillar engine which is unique in many ways. It doesn't hurt the roads any and does the work admirably. The grader will have lots to do opening ditches and smoothing rough places along the highway. Its work so far has been very satisfactory.

### Out-Door Invocational

By Ida Scott Taylor

God of the high templed hills,  
And of creation's dome,  
We thank Thee that Thy presence fills  
This place we call our home;  
Throned on Thy great celestial heights  
Make us this day Thy care,  
As voice with voice in praise unites  
Thy glory to declare!

We thank Thee for the great out-doors  
With all its vast domain,  
Where nature's boundless wealth outpours  
On valley-land and plain;  
We thank Thee for the fruitful trees  
For fields and flocks and herds,  
For blooming flowers and cooling breeze,  
And sweetly warbling birds.

We thank Thee for the deep blue sea,  
And for the mountains tall,  
And lift our hearts in praise to Thee  
Whose hand hath made them all;  
The radiance of the moon and sun  
And starry world's of light,  
And all the seasons as they run  
Attest Thy power and might.

We bless Thee for the morning light,  
And for the evening's close,  
For strength to live each day aright,  
And for the night's repose,  
O help us as we raise our eyes  
And all Thy wonders see,  
More fully, Lord, to realize  
The debt we owe to Thee!

We thank Thee for this land we claim—  
Our glory and our pride,  
This land, for which in Freedom's name  
Our sons have fought and died;  
Almighty Captain of the Host,  
Bid strife with nations cease,  
And grant the world from coast to coast  
A thousand years of peace!

O let America press on  
To heights yet unattained,  
Until we see the rising dawn  
Of greater progress gained  
Give us an insight deep and broad  
The world's great needs to scan,  
To sense the Fatherhood of God,  
The brotherhood of man.

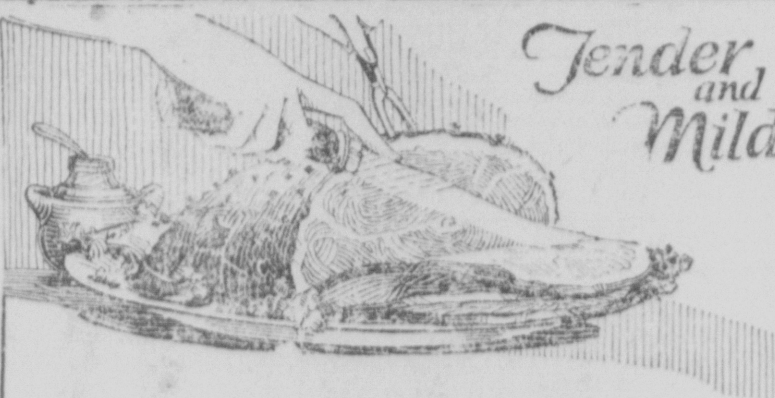

Great is Thy wisdom which ordains  
The measured march of time,  
Thy law the universe maintains  
With majesty sublime.  
The life of every living thing  
Of earth and sky and sea,  
And man, whom Thou hast made a king,  
Draws breath, O Lord, from Thee!

Omniscient, omnipresent God,  
As at Thy cross we kneel,  
Enfold us with Thy mercy broad,  
And make Thy presence real;  
Be with us as we go our way,  
Revive our souls again,  
And grant, O Lord, this prayer we pray  
For Jesus' sake, amen!
